

Book Your Detroit Airport Transportation and Experience ITS in Action

Experience the I-94 Freeway Demonstration starting with your airport ride

The Detroit Air Xpress, or DAX, is the best way for ITSA attendees to go nonstop from DTW Airport to downtown Detroit and back — free for ITSA attendees from June 8-12! With comfortable coach seating, Wi-Fi, and secure baggage space, DAX picks up conveniently at both terminals and downtown with 16 roundtrips a day.

On select trips from the airport on June 8-9, and back to the airport June 11-12, the rides will feature a guided I-94 Freeway Demonstration, turning airport transportation into part of the conference experience!

During the ride, attendees will see how connected vehicle technologies, V2X communication and cloud-connected infrastructure can support safer, smarter travel. The experience will include an onboard facilitator and highlight real-world applications along the I-94 corridor, including alerts related to work zones, roadway hazards and emergency vehicles.

Booking your ride is easy. Go to DAX-bus.com, and select your trip through the ticket portal. On the "book a ticket" page, enter your promo code, and you'll receive your discount at checkout!

How to book:

Visit [Book your DAX ticket](#) and use promo code **HNTBITSA** at checkout to cover the cost of the ride. Space on designated rides may be limited, so attendees are encouraged to book early.

V2X Experience Ride schedule:

 MONDAY, JUNE 8			 TUESDAY, JUNE 9
