

ATTENDEE'S RECORD OF PROFESSIONAL DEVELOPMENT HOURS

Various agencies and organizations recognize Professional Development Hours (PDH) to achieve and maintain certifications and memberships. It is recommended that you check with your own state licensure/certification agency about their specific requirements for PDHs. This form is your record of the various PDHs you attended at ITS America Conference & Expo. Be sure to fill in the form and retain it for your records. It does not need to be returned to ITS America Conference & Expo. We also recommend that you save the full program description of each session or workshop you attend in case it is requested. Reporting is done in good faith and false reporting could result in loss of licensure or membership. Individuals are responsible for maintaining and reporting their own records.
