

ITS WORLD CONGRESS 2022

TRANSFORMATION BY TRANSPORTATION

Conference: September 18–22, 2022 | Exhibit Hall: September 19–22, 2022
Los Angeles Convention Center

EMERGENCY RESPONSE DAY | TUESDAY, SEPTEMBER 20

Emergency Response Day returns to ITS World Congress this year on Tuesday, September 20. On a crucial mission to increase the personal safety of responders and motorists while restoring mobility for an emergency, commercial, and personal traffic, this year's Emergency Response Day will focus on emerging technology-based problems and solutions responders will face in evolving smart city infrastructure environment.

Emergency Response Day programming includes:

- Educational programming:
 - Emergency Response Day Session I - ER Day Welcome | 9:00 AM – 10:00 AM | Exhibit Hall Education Theater
 - Emergency Response Day Session II – The Critical Role of Technology in Managing Traffic Incidents | 10:30 AM -12:00 PM | 411 Theater
 - Emergency Response Day Session III - Traffic Incident Management Workshop “Development and Implementation of a Comprehensive National Traffic Incident Management Training Program – a United States Success Story” | 1:00 PM – 2:30 PM | Room 404A
- Demonstrations:
 - Axon Demonstration: Tethered Drone Scene Monitoring
 - City of Los Angeles Fire Department: Electric Fire Engine
 - Ten West Towing, Inc.: Heavy Wrecker
 - HAAS Alert: Connected Vehicle Alerts
 - CalTrans District 2: Responder System
 - J-Tech LaneBlade®: Debris Clearance System
 - LA Metropolitan Transportation Authority: Freeway Service Patrol Vehicle
 - pi-lit®: Sequential Electronic Flares
 - 360ns Network Solutions: 360 Remote CCTV
 - GEWI: Data harmonization of device and incident data
- Emergency Response Day VIP Exhibit Hall Tours | 10:00 AM – 12:00 PM
