REIMAGINING TRANSPORTATION TOGETHER

Exhibiting at ITS America 2021 Annual Meeting (December 7 -10, 2021) in Charlotte, NC allows your company to connect and gain exposure to leaders, influencers and experts from the entire spectrum of Intelligent Transportation Systems and the mobility ecosystem including local, state and national public agencies, the automotive sector, consulting firms, research institutions, information and communications technology companies, emerging technology companies representing connectivity, automation and more.

ITS America members receive a discount on exhibit space. Companies must be an ITS America member in good standing at time of reservation through ITS America 2021 to receive discount. Premium booths highlighted on the floor plan are subject to the Premium Rate.

Join us in Charlotte and showcase your solutions that will enable a better future transformed by intelligent mobility.

BENEFITS OF EXHIBITING

- Four (4) exhibitor staff badges per 10' x 10' reserved
- One (1) full conference registration (includes access to the program)
- Access to the complimentary Exhibitor Customer Invitation Program to invite customers and guests to the event
- Pre-registered media list and complimentary press kit distribution in the onsite ITS press room
- Lead Retrieval
- Enhanced Bronze exhibitor listing that showcases your company on the website
- Inclusion in the Final Program and mobile app
- Participate in interactive and thought-provoking discussions on equity & accessibility, pandemic impact on transportation, incentivizing people to move differently and more!
- Complimentary Lunch for booth staff during Expo Hall Days
- Complimentary inclusion in the ITS America Events recommendations program

** Not all benefits are applicable to co-exhibitors. All opportunities are deadline permitting and subject to change at the discretion of the ITS America Events team.*

HEAR WHAT INDUSTRY COLLEAGUES ARE SAYING...

“The overarching theme of the 2019 ITS America Annual Meeting served to reinforce the safety and sustainability-focused initiatives that many attendees spend time developing solutions for, as well as inspiring them to find new and even more innovative ways to improve the nation’s transportation networks. The ITS America Annual Meeting provided a superb forum to discuss these applications and how we can work together to further improve mobility and safety along our roads.”

-Ramin Massoumi, Senior VP and General Manager of Iteris
